history of the sects and churches in kerala

this elegantly written book explores the practice of christianity among the yakoba in the small region of kerala susan viswanathan uses the categories of time space architecture and the body as a means of identifying the ways in which hindu christian and syrian strands have been woven together to form a rich cultural tapestry in the region the yakoba on which this study is based are divided into two distinct groups the orthodox syrians and the jacobite syrians viswanathan relates their on going quarrel over ecclesiastical jurisdiction and the ways in which this quarrel affects syrian christian life and experience as a whole she argues that people's interpretations of christianity are a very powerful mode of cultural expression and societal flexibility

during the twentieth century the syrian christian population of kerala underwent a process of transition in its demographic and socio economic status this book describes the demographic transition in terms of size composition geographical distribution and growth rates of the christian population in general and the syrian christian population in particular it goes on to study the growth of the christian population in kerala in the context of the growth of the christian population in india the underlying demographic factors of transition fertility mortality and migration are analysed in detail it describes the socio economic transition of the syrian christians as seen in their education

levels employment status and material possessions the discussions are carried out in a comparative setting where corresponding changes that have come about in other communities hindus muslims and latin christians are also examined the book concludes by drawing attention to projected demographic trends and their likely impact on the community it suggests the need for some introspection by the syrian christians to cope with the adverse fall out of the emerging trends
