tolerance and co existence are both great in fact they are necessary if we are to live together in peace without hating each other or physically harming each other over differences in race culture sexual orientation political views and religious beliefs we must have tolerance however we must also recognize that every belief can t be equally valid if two beliefs directly contradict each other both of them cannot be true no matter how tolerant we become this means it is false to say that every religion is true or that every religion leads to god when people make such claims they show that they have not taken the time to study the world s religions because a brief reading of the sacred texts of only a handful of religions quickly reveals contradictions on the most fundamental levels religious contradictions reincarnation hinduism and buddhism contradicts the belief that this is your only life before eternity christianity judaism and islam salvation from sin christianity contradicts the belief that there is no sin to be saved from but simply pain that can be escaped through enlightenment buddhism jesus christ is the incarnate son of god christianity contradicts the teaching that he is just a prophet islam or that he was a false prophet judaism in light of these contradictions alone all religions can t be true they could all be false but they can t all be true are any of them true this is the most important question anyone can ask recognize religious contradictions embrace them test them seek the truth contradictmovement org

note the satanic bible is available in four editions premium black white paperback 18 hardcover black white 30 premium full color paperback 75 and full color kindle ebook 6 66 the paperbacks and kindle are options here for the hardcover is a lulu publication use look inside of the kindle edition for the most complete preview when anton szandor lavey published his original satanic bible fifty yers ago it was an angry book and it had plenty to be angry about it confronted a humanity which for more than two thousand years had been taught to hate itself fear god and hide from a threatening very un edenic universe around it even worse humans were told they were not only originally sinful and imperfect but imperfectible except perhaps through the intercession of an islamic mohammed or christian jesus demanding absolute abasement and obedience with men and women reduced to naked shamed animals therefore anton saw and argued in his bible that the only solution was to be the strongest craftiest and most hedonistic animal in the valley it was a prescription of power and vengeance to delight an ayn rand or orwellian o brien but then in the 10 year exoteric crucible of the church of satan followed by the 40 year esoteric one of the temple of set we discovered that humans not only had nothing to be inherently ashamed or guilty about but that indeed we are self perfectible and that black magic enables us not just to decipher and harmonize with the objective universe without but to discover the subjective universe of divine immortality within so this is not an angry satanic bible it is one of excitement exuberance the delight of virtue and nobility for their own sake the cosmology it reveals and the black magic it teaches are not weapons to hurt but tools of divine enlightenment and transformation your eternity begins now
