this book provides an overview of the impact of the pandemic in china and the usa and presents a research agenda for use access and adoption of information and communication technologies ict in the era of covid 19 the global covid 19 pandemic changed lives overnight and exposed socially vulnerable populations to ever challenging situations one significant challenge was the use access and adoption of technological resources to understand how socially vulnerable populations managed the covid 19 pandemic and adapt to the new normal it is important for researchers and practitioners to identify the challenges and understand the perceptions of technologies through various research studies this edited volume addresses the impact of the global covid 19 pandemic and the adoption of technologies from artificial intelligence to telehealth and telecommunications among some socially vulnerable populations including children older adults covid 19 patients and general marginalized populations in the world the information divide faced by socially vulnerable groups is studied as well as the dimension of vulnerabilities and the impacts of specific technologies

from david osborne the author of reinventing government a biting analysis of the failure of america s public schools and a comprehensive plan for revitalizing american education in reinventing america s schools david osborne one of the world s foremost experts on public sector reform offers a comprehensive analysis of the charter school movements and presents a theory that will do for american schools what his new york times bestseller reinventing government did for public governance in 1992 in 2005 when hurricane katrina devastated new orleans the city got an unexpected opportunity to recreate their school system from scratch the state s recovery school district created to turn around failing schools gradually transformed all of its new orleans schools into charter schools and the results are shaking the very foundations of american education test scores school performance scores graduation and dropout rates act scores college going rates and independent studies all tell the same story the city s rsd schools have tripled their effectiveness in eight years now other cities are following suit with state governments reinventing failing schools in newark camden memphis denver indianapolis cleveland and oakland in this book osborne uses compelling stories from cities like new orleans and lays out the history and possible future of public education ultimately he uses his extensive research to argue that in today s world we should treat every public school like a charter school and grant them autonomy accountability diversity of school designs and parental choice

on the interdependent relationship between health and academic achievement research indicates that healthy children are more likely to succeed in school and that individuals who attain higher levels of education are more likely to experience better health outcomes in adulthood to promote and support children s academic success educators must view student health as an education issue at the same time public health professionals must view students academic success as a public health issue in leveraging the education health connection david a birch explores this interdependent relationship and lays out strategies to improve outcomes for both education and health birch provides evidence and recommendations on the links between student health and academic success and between education attainment and adult health outcomes the impacts of social injustice and early childhood experiences on health and education strategies for minimizing absenteeism promoting students and their parents connection to the schools and increasing graduation rates the whole school whole community whole child model that provides a framework for health promoting schools the collaborative role of educators physicians and public health professionals in advocacy for schools that promote meaningful learning and student well being and actions for establishing local

coalitions that promote education and health and address social injustices schools can act as partners with public health organizations to support initiatives that have a clear and direct bearing on educational outcomes such as quality health education and physical education nutrition education and services mental and emotional health services family and community engagement faculty and staff health promotion and a healthy and safe school environment this guide is an important resource for everyone working at the intersection of public health and education

as a popular and powerful medium mobile use has increased significantly across the world the effects of these communication devices have not only transformed how we communicate but also how we gather and distribute information in a variety of industries including healthcare business and education impacts of mobile use and experience on contemporary society provides cross disciplinary research that ties together use and experience examining the transformative influence of mobile technology and how it is reshaping who we are and what we do featuring research that investigates the impacts on both actors and activities with topic coverage that includes academic application economic value and mobile learning scholars from different disciplines from all over the world identify the crucial implications behind mobile technology included amongst the targeted audience are educators policymakers healthcare professionals managers academicians researchers and practitioners

huge tax cuts huge spending cuts and a balanced budget now

from healthcare to workplace conduct the federal government is taking on ever more responsibility for managing our lives at the same time americans have never been more disaffected with washington seeing it as an intrusive incompetent wasteful giant the most alarming consequence of ineffective policies in addition to unrealized social goals is the growing threat to the government s democratic legitimacy understanding why government fails so often and how it might become more effective is an urgent responsibility of citizenship in this book lawyer and political scientist peter schuck provides a wide range of examples and an enormous body of evidence to explain why so many domestic policies go awry and how to right the foundering ship of state schuck argues that washington s failures are due not to episodic

problems or partisan bickering but rather to deep structural flaws that undermine every administration democratic and republican these recurrent weaknesses include unrealistic goals perverse incentives poor and distorted information systemic irrationality rigidity and lack of credibility a mediocre bureaucracy powerful and inescapable markets and the inherent limits of law to counteract each of these problems schuck proposes numerous achievable reforms from avoiding moral hazard in student loan mortgage and other subsidy programs to empowering consumers of public services simplifying programs and testing them for cost effectiveness and increasing the use of big data the book also examines successful policies including the g i bill the voting rights act the earned income tax credit and airline deregulation to highlight the factors that made them work an urgent call for reform why government fails so often is essential reading for anyone curious about why government is in such disrepute and how it can do better

much has changed in us politics since the historic 2008 election while the press covers the actions and agendas of the new administration other impacts of this political shift have not received as much attention these changes have forced the nation to rethink the necessary role of government the role of the private market the impact of science technology and information and ultimately our place in the world what do we expect from our government provides a glimpse at this set of developments by focusing on a number of policies such as climate change immigration and terrorism as well as governance processes such as oversight elections and campaigns and regulation it highlights the role of research in public sector decision making the role of the academy the relationship between economic imperatives and scientific information and dealing with uncertainty and change in addition it includes attention to broader issues such as national economic and fiscal policies and strategies for assuring equity and access in programs

six american flags stand on the moon irrefutable proof of government s ability to overcome difficult challenges yet evidence of failure surrounds us from the devastation of hurricane katrina to the 2008 09 economic meltdown to the chronic dysfunction of our urban schools william d eggers and john o leary argue that playing the blame game is an exercise in futility in if we can put a man on the moon they go beyond partisan squabbles to take a look at the process by which government tackles its biggest challenges based on a review of over seventy five government undertakings in the united states and abroad eggers and o leary pinpoint what it takes to successfully bring a public sector

initiative from great idea to desired results they distill this journey to success into a practical set of steps that every public initiative must go through to deliver on its promise book jacket

the author of state of the nation seeks to determine the main reasons for the failings and frustrations associated with government and offers concrete steps that americans can take to become politically engaged and to help the united states to improve its performance 3 tables

why our workplaces are authoritarian private governments and why we can't see it one in four american workers says their workplace is a dictatorship yet that number almost certainly would be higher if we recognized employers for what they are private governments with sweeping authoritarian power over our lives many employers minutely regulate workers speech clothing and manners on the job and employers often extend their authority to the off duty lives of workers who can be fired for their political speech recreational activities diet and almost anything else employers care to govern in this compelling book elizabeth anderson examines why despite all this we continue to talk as if free markets make workers free and she proposes a better way to think about the workplace opening up space for discovering how workers can enjoy real freedom

sometimes governments seem clueless at other times they are able to project a sense of calm competence some decisions leave people confused whilst others make sense even to those who oppose them why why governments get it wrong argues that governments are at their most effective when they get their ducks in a row there are four elements to policymaking that need to be aligned for a policy to be a success but so often it goes wrong from the uk school exam fiasco during the pandemic to the disastrous second us led invasion of iraq and canada's support for asbestos mining when it was known to be highly toxic politics is a tough business once elected governing well is even tougher but governments and their policies have a huge effect on our lives even more so when they get it wrong sometimes leaving us angry poorer or in ill health by examining where governments get it wrong and also their successes renowned cambridge academic dennis c grubee shows there is a way for governments to get it right and improve all our lives in the process

citizens have lost trust in their institutions of public governance in trying to fix the problem presidents and prime ministers have misdiagnosed the patient failing to recognize that government bureaucracies are inseparable from political institutions as a result career officials have become adroit at managing the blame game but much less so at embracing change donald savoie looks to the united states great britain france and canada to assess two of the most important challenges confronting governments throughout the western world the concentration of political power and the changing role of government bureaucracy the four countries have distinct institutions shaped by distinct histories but what they have in common is a professional non partisan civil service when presidents and prime ministers decide to expand their personal authority national institutions must adjust while bureaucracies grow to fill the gap paradoxically further constricting government efficacy the side effects are universal political power is increasingly centralized parliament congress and the national assembly have been weakened cabinet has lost standing political parties have been debased and civil services have been knocked off their moorings reduced responsibility and increased transparency make civil servants slow to take risks and politicians quick to point fingers government astutely diagnoses the problem of declining trust in government presidents and prime ministers have failed to see that efficacy in government is tied to well performing institutions

government efficiency and effectiveness views on the progress and plans for addressing government wide management challenges
